

BEST PRACTICES FOR SOLAR HOT WATER SYSTEM PERMITTING AND INSPECTION AND SOLAR HOT WATER SYSTEM TOURS

Metro Vancouver and SolarBC are pleased to invite municipal plumbing and building inspectors from the lower mainland to hear a presentation on *Best Practices for Solar Hot Water System Permitting and Inspection*. Mr. Rob McMonagle, SolarCity Program Manager – Toronto Atmospheric Fund and Mario Angelucchi, Deputy Chief Building Officer, Toronto Building have gained considerable experience through the installation of over 200 solar hot water systems. Through an agreement with Natural Resources Canada, they will share their experience with building officials across Canada. To complement this presentation, Miroslav Danielka of MD Energy Solutions will provide tours of the recently commissioned solar hot water system at the Metro Vancouver head office.
